Long-Sheet Feeder

Expand your Possibilities

The Canon imagePRESS C7011VP Series of digital presses now offers an expanded format size up to 26" with the Tec Lighting Long-Sheet Feeder. Created for book and commercial printing applications, the Long-Sheet Feeder provides book printers with a high-end, low-cost solution for applications such as dust jackets and book covers on the Canon imagePRESS series* of digital color presses.

The Long-Sheet Feeder allows commercial printers to offer a broader range of applications to their customers. This helps add valuable services, as printers can now meet more of their customers' needs by accepting jobs they might have had to previously turn away or outsource.

BENEFITS

- Unlock new digital applications that were never possible before on an imagePRESS C7011VP digital press.
- Produce high-end applications on a lower cost solution than the competition.
- Maximize your value to your client by offering an expanded range of services.
- Utilize an imagePRESS device to output both "normal" and long-sheet applications to allow for consistent color and quality between the range of jobs.

OUTPUT OPPORTUNITIES

- Dust Jackets for Case-Bound Books
- Book Jackets
- Retail Signage
- Posters
- Maps
- Pocket Folders
- Calendars
- 3-Up Letter Documents

FEATURES

- Front-end vacuum cup feed design provides for stable, reliable paper feeding
- HD dual chain paper lift provides the sturdy support needed to hold a 24" stack of paper
- Ultrasonic double-sheet detector helps to prevent misfed sheets from reaching the printer
- Touch-screen controls
